## From the Desk of the Principal

As we begin September, I want to thank you for a wonderful beginning of the year. The students are becoming adjusted to the routine of school. Lots of challenging work is happening in the classrooms.

This month you have two holidays: Labor Day will be a holiday for all and Monday, Sept. 10 will be student holiday since teachers will be participating in Professional Development. Enjoy the long weekends.

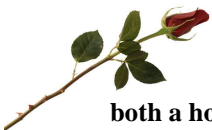

Please call in the morning if your child is ill. This saves a lot of concern and time. The school number is 729-0786.

Please note that the campus is a tobacco free area. That means your vehicle, the parking areas, and all areas of the campus.

Speed limit in the loop is 5 miles per hour or less. Thank you for not using your phones in the car loop and for thinking about the left-hand turn out.

### **Right turn only to exit.**

If you are interested in serving on the School Advisory Council please let me know. We will meet Sept. 13 at 3:30.

School Advisory Council (SAC) is a group of volunteers who work with the members of the faculty to develop academic goals for the school year. Data from the past year is used to determine the academic goals for the year. We also set goals for areas that impact academic success such as, attendance, parent involvement, and results of the parent/student surveys. The only requirement is the desire to serve. We will meet Sept. 13 at 3:30.

### **PTO**

**Sept. 11 PTO meeting.** Election of Officers 6:30
